

# Brigitta Blueberry

*Vaccinium corymbosum* ×

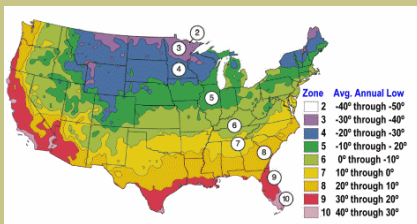

This easy to grow hybrid from Australia yields one of the highest quality berries available.

The flavor strikes a perfect balance - sweet yet slightly tart. Brigitta berries possess an amazing shelf life. They have been stored for over a month in the refrigerator and they were still crisp and tasted great! Medium to large berry. Late season ripening.

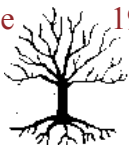

The bush is a fast grower with deep green foliage and bronze tinted new growth. Size: 4-6 feet.

Semi-self fertile. Plant alongside Bluecrop for best results.

Cold hardy to U.S.D.A. Zone 4.

Since 1944
