

# Aristocrat® Flowering Pear

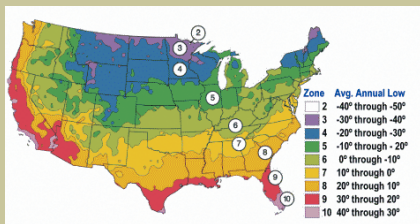

*Pyrus calleryana 'Aristocrat'*

Superior introduction! Fast growth with a branching habit resulting in a strong pyramidal form. Very handsome, glossy green, large leaves have wavy margins and become brilliant purple-red in fall in colder areas. Profusion of white blooms in early spring. Deciduous, medium sized ornamental tree.

Mature height is 30-35 feet with a spread of 25-30 feet.

Cold hardy to U.S.D.A. Zone 5.
