

Moderate Climate Apple Combo

Malus sp.

The **Moderate Climate Apple Combination** was created for those areas with at least 700 hours chilling. It will provide you with fresh apples from summer to fall.

The tree has three to four of the following apple varieties.

Early Red Summer, a medium sized apple that has a red color and a sweet to tangy flavor.

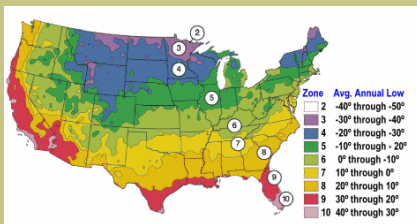

Granny Smith is the next to ripen. Large, bright green apple with sweet/tart flesh. Good for eating, cooking and sauce.

Fuji is nearly everyone's favorite eating apple. Reddish green skin, firm, crunchy, juicy white flesh with excellent flavor.

Yellow Delicious is another long time favorite for its sweetness and flavor. Large, golden yellow skin with firm, crisp, delicious flesh.

Ripens July thru October

Cold hardy to U.S.D.A. Zone 5.

Early Summer Red Apple
July

Fuji Apple
September

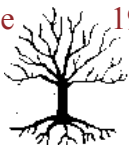

Granny Smith Apple
August - September

Yellow Delicious Apple
September - October
