

Red Delicious (Dietrich Strain) Apple

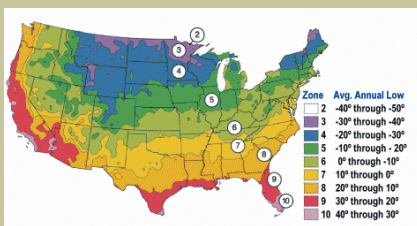

Malus sp.

Large fruit. Red waxy skin, pure white flesh. Distinctive flavor, firm crisp and juicy. Claimed to be the best of the Red Delicious strains. Bears more heavily when pollinized with Yellow Delicious.

Ripens in September to October.

Requires 900 hours of chill below 45°F.

Cold Hardy to U.S.D.A. Zone 4.

Since 1944
