

Flowering Ash

Fraxinus ornus

Also known as Manna Ash. Heavy flowering makes this tree a standout in spring. Creamy white panicles are large, showy and fragrant. It has an upright oval shape. Native to southern Europe and Asia Minor. Well suited for a street tree.

Mature height is 35-45 feet with a spread of 25-30 feet.

Cold hardy to U.S.D.A. Zone 6.
