

White Western Redbud

Cercis occidentalis 'Alba'

Native to California.

A rare find. This tree displays a unique white spring bloom.

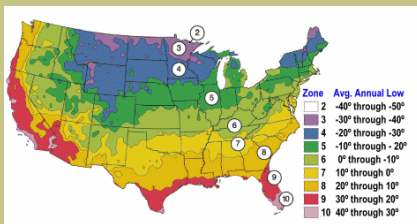

Summer foliage is handsome lighter blue-green. 3" leaves notched or rounded at tip.

Can be grown as a multi-stem bush or single trunked tree.

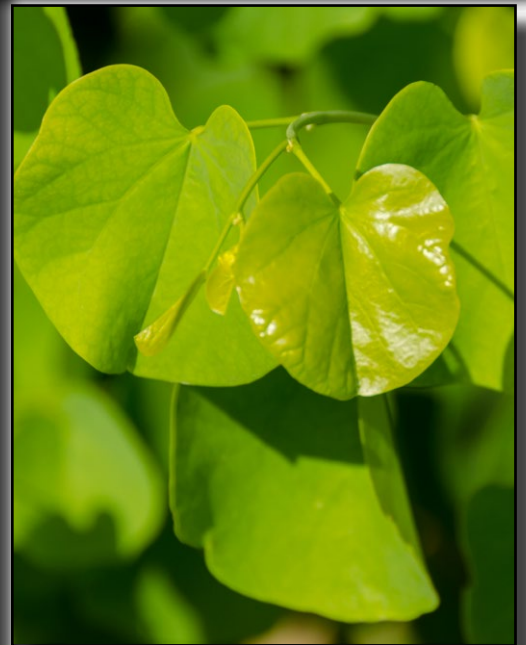

Height ranges from 15-20 ft with same spread.

Very drought tolerant.

Cold hardy to
U.S.D.A. Zone 7

New, young foliage is lighter in color hinting at the white buds.

Since 1944
