

Minuet Lilac

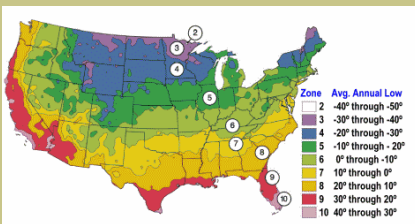

Syringa × prestoniae 'Minuet'

Late blooming lilac of relatively small stature. Growth rate about half as fast as most the late lilacs - about 5 feet in 10 years.

Light purple buds open to single, soft white-pink blooms over large, dark green leaves. Sparse seed production allows prolific annual blooming. Rarely suckers.

Mature height is 6-8 feet with a spread of 4-6 feet.

Cold hardy to U.S.D.A. Zone 2.

Since 1944
