

Clarke's White Flowering Quince

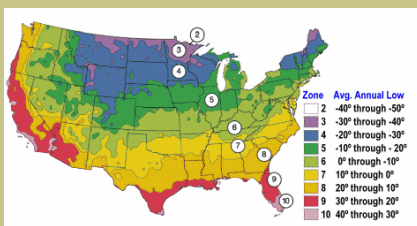

Chaenomeles speciosa sp.

Flowering Quince are prized for their early blooms in the spring - before most other plants wake up. Stems are often cut and brought indoors to bloom.

Large pure white blooms. Prolific bloomer. Flowers before it leafs in early spring. Almost thornless. Perfect for cut flowers.

Upright grower. Mature height is 4-6 feet with a spread of 3-4 feet.

Cold hardy to U.S.D.A. Zone 5.

Since 1944
