

King (Desert King) Fig

Ficus carica

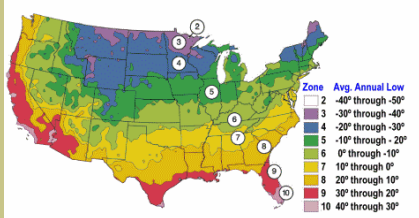

Medium to large fruit with green skin and strawberry flesh. Excellent quality.

Does best in cooler climates like No. Calif. coast and Oregon. Self Fertile.

Ripens: Summer through fall. Sets large early breba crop between late June to August. Drops second crop in warm areas.

Requires < 100 hours chilling below 45° F

Cold hardy to U.S.D.A. Zone 8 or colder if you are willing to let it freeze to the ground and regrow.

Since 1944
