

Flame Seedless Grape

Vitis vinifera

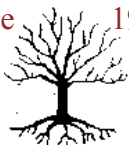

These light red, seedless grapes are sweet and juicy - ideal for snacking on or in salads. These are the crisp, red seedless grapes found in most grocery stores, but are even better when allowed to vine ripen. The clusters are medium in size, conical with well-spaced berries.

Ripens: Late July

Cold hardy to U.S.D.A. Zone 7.

Since 1944
