

# California Rose Lilac

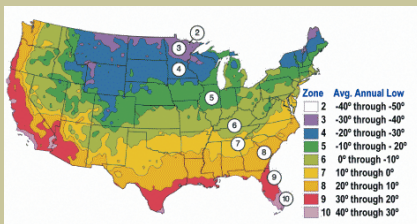

## Descanso Hybrid Lilac

*Syringa × hyacinthiflora*

Single pink flower that can bloom in a cluster of 10 inches or larger. Bloom time is mid-spring. Legendary fragrance, and a superb cut-flower. Can take up to 3 years for flowers to reach full size. **Does well in mild winter climates.**

Mature height is 15-20 feet with a spread of 12-15 feet.

Cold hardy to U.S.D.A. Zone 3.

Since 1944
