

Clarke's Giant Lilac

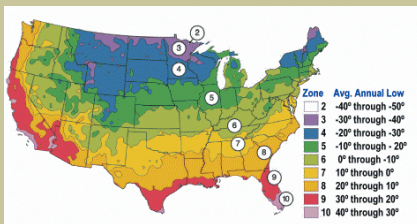

French Hybrid Lilac

Syringa × hyacinthiflora

Single flowers.
Individual florets are two to three times the size of other lilacs.
These flowers make up enormous panicles of exquisite blue flowers in late spring. Truly one of a kind. This grand bush is covered with heart-shaped foliage. (Clarke 1948)

Mature height is 15-20 feet with a spread of 8-12 feet.

Cold hardy to U.S.D.A. Zone 3.
