

O'Neal Blueberry

Vaccinium corymbosum ×

One of the very best flavored berries, with exceptionally reliable quality throughout the harvest. Large, attractive, firm, very sweet fruit. From N.C. State Univ. and USDA breeding program. Good heat tolerance. Yields comparable with the best Northern Highbush varieties.

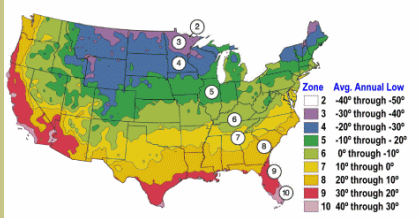

Ripens: Very early season. In many climates, the first blueberry to ripen.

Semi-self fertile. Produces heavier with pollinizer.

Grows Upright to 5-6 feet.

Requires only 300-400 hours of chill below 45°F.

Cold hardy to U.S.D.A. Zone 5.
