

Variegated (Peppermint) Flowering Peach

Very showy and unusual. Large pink and white striped, double flowers. Sometimes will bear all white or all pink flowers on the same branch.

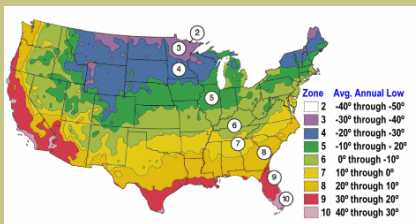

Blooms in mid spring.

500-600 hours chilling below 45° F requires to set proper blooms.

Prune after bloom for good show of flowers the following year.

Mature height is 20 feet with a spread of 20 feet.

Cold hardy to U.S.D.A. Zone 6.
