

Desert Apple Combination

Malus sp.

The **Desert Apple Combination** will provide you with fresh apples starting in June and lasting until the end of July.

The tree is made up of three to four of the following apple varieties.

Anna, a large light greenish-yellow apple with a slight red blush. Crisp creamy white flesh with a sweet slightly tart taste.

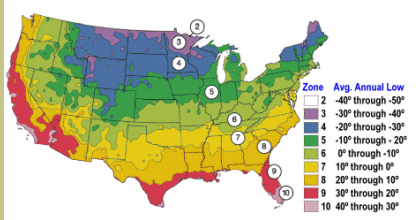

Dorsett Golden, a medium to large yellow apple that has an orange-red blush. It has a sweet-tart flavor and crisp white flesh. It is also an excellent pollinizer for the Anna.

Ein Shemer, a large golden yellow colored apple that has a crisp flesh and tart taste.

Early Red Summer, a medium sized apple that has a red color and a sweet to tangy flavor.

Ripens June thru July

Cold hardy to U.S.D.A. Zone 5 but created for Zones 7 to 9
