

# Moderate Climate Apple Combo

*Malus sp.*

The **Moderate Climate Apple Combination** was created for those areas with at least 500 hours chilling. It will provide you with fresh apples from summer to fall.

The tree has three to four of the following apple varieties.

**Early Red Summer**, a medium sized apple that has a red color and a sweet to tangy flavor.

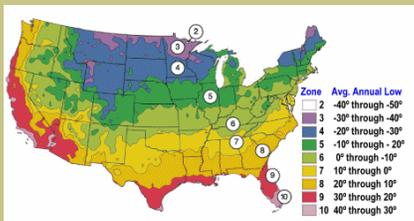

**Fuji** is nearly everyone's favorite eating apple. Reddish green skin, firm, crunchy, juicy white flesh with excellent flavor.

**Gala (Kidd's D-8)** has golden yellow skin with reddish-orange blush. Flesh is firm, crisp, sweet and juicy with exceptional flavor. Takes summer heat.

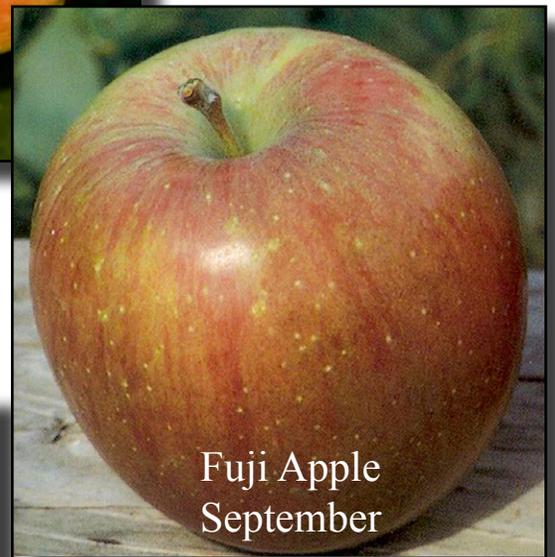

**Granny Smith** is the next to ripen. Large, bright green apple with sweet/tart flesh. Good for eating, cooking and sauce.

Ripens July thru October

Cold hardy to U.S.D.A. Zone 5.

Early Summer Red Apple  
July

Fuji Apple  
September

Granny Smith Apple  
August - September

Gala (Kidd's D-8) Apple  
Late August - Early September
