

Rome Beauty Apple

Malus sp.

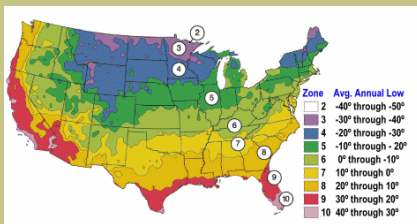

The Rome Beauty apple is medium to large, rounded, all red, and very glossy, with a thick skin and firm, greenish white flesh. Fine texture and juicy.

It is primarily used for baking, as its flavor develops when cooked, and it holds its shape well. It is less used as an eating apple, as it is not as sweet as other varieties.

Ripens: September to October.

Requires 700 hours chilling below 45° F.

Cold hardy to U.S.D.A. Zone 5.

Since 1944
