

California Concord Grape

Vitis labrusca × 'Isabella'

California Concord is unbeatable for hardiness, vigor and flavor.

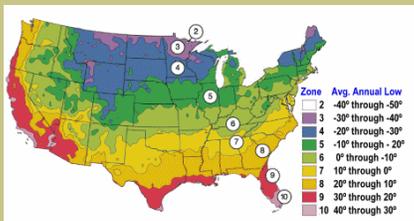

Produces abundant crops for making prize-winning jam and jelly as well as sweet, full-bodied juice.

Berries are large, round and colored blue-black with seeds.

A cold hardy grape which has also proven to handle tropical and semi-tropical conditions and is planted in Brazil, Portugal, Hawaii and other mild climate regions.

Ripens: Late August to Mid September.

Cold Hardy to U.S.D.A. Zone 5.

Since 1944
