

E.H Wilson Hardy Silk Tree

Albizia julibrissin 'Ernest Wilson'

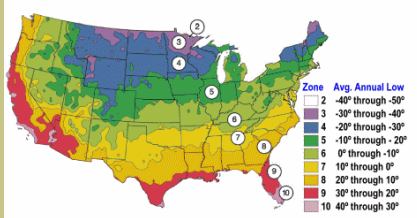

Provides an exotic, tropical feel to your landscape. Beautiful lace leaf foliage. Fluffy pink flowers from May to August.

E.H. Wilson selection is a superior variety compared to standard Albizia that is known for being cold hardy down to -15 degrees.

Mature height can range from 20-35 ft. with a spread of 20-40 ft.

Cold hardy to
U.S.D.A. Zone 5b.

Note: There is a love-hate relationship with this tree. Many seeds are produced which readily sprout causing some to call it a weed. Others adore the beauty and filtered shade it creates in the landscape
