

Marshall's Seedless Green Ash

Fraxinus pennsylvanica Marshall's Seedless'

An old timer but still one of the best. A seedless form of the Green Ash. Lustrous, dark green foliage in the summer turning to bright green-yellow in the fall. More vigorous than Green Ash and has less insect problems.

Grows to a height of 50 feet and a spread of 40 feet.

Cold Hardy to U.S.D.A. Zone 3

Since 1944

From the nurseries of

L.E. COOKE CO
