

Accolade[®] Elm

Ulmus japonica × wilsoniana 'Morton'

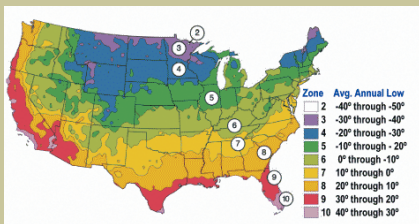

Arching limbs and a graceful vase shape like that of the classic American Elm. Glossy dark green foliage changes to yellow in the fall.

Resistant to Elm Leaf Beetle, Dutch Elm Disease and Phloem Necrosis.

Mature height is 60-70 feet with a spread of 50-60 feet.

Cold hardy to U.S.D.A. Zone 4.
