

Albert F. Holden Lilac

French Hybrid

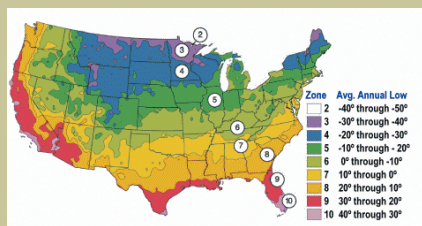

Syringa vulgaris 'Albert F. Holden'

Showy, deep violet blooms with a silvery reverse are showcased against the lush, dark green foliage. A stunning bi-color effect. A vigorous plant with a rounded growth habit.

Developed in 1981 by Father Fiala and named after the great Albert F. Holden of the famed Holden Arboretum.

Mature height is 7 feet with a spread of 8 feet.

Cold hardy to U.S.D.A. Zone 3.

Since 1944
