

# Snow Flowering Quince

*Chaenomeles speciosa 'Snow'*

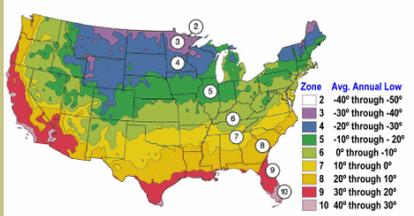

Flowering Quince are prized for their early blooms in the spring - before most other plants wake up. Stems are often cut and brought indoors to bloom.

Large, waxy, pure white flowers. Leaves are a shiny green. New foliage is red tinged when young. Branches are attractive when out in leaf.

Attractive to birds.

Mature height is 6-10 feet with a spread of 6-8 feet.

Cold hardy to U.S.D.A. Zone 5, maybe 4B.

Since 1944
